In 2009, thanks to the commitment of 36,443 individuals, families, associations and companies, we received a total of 3,010,941 Euro in form of donations, legacies and sponsoring agreements. Compared to the previous year, this corresponds to an increase by about 9.7%. This increase is due to the growing commitment of loyal and new supporters, as well as tax-deductibility of donations to *Menschen für Menschen*. In 2009 we received public funding worth 121,366 Euro for the implementation of projects in Ethiopia. In comparison with the previous year, legacies and interest returns have fallen significantly. The total revenue came to 3,333,351 Euro, with that we exceeded the revenue of 2008 by approx. 6.5%.

For the project work in Ethiopia we could allocate 2,579,278 Euro, including the annual surplus. Compared to 2008, the proportion of the total expenditure (including the contribution to the capital according to the projects planned in the five-year plan) rose from 74% to 77.4%. Expenditures for administration and donor liaison fell from 232,360 to 169,341 Euro, and thus came to only 5.1% of the total expenditure. Compared to 2008, expenditures for public relations and project information increased slightly from 574,760 to 584,732 Euro but could be reduced in percentage terms from 18.4% to about 17.5% of the total expenditure.
